Strath Union

University of Strathclyde Students' Union

"We exist to support students and help them on their journey through university, providing them with social, sporting, academic opportunities and much more. Our dedication to supporting students to the best of our ability is also applicable on our online channels, in particular our website. We use Recite Me to ensure that every single student who visits our website can easily move through the site, without meeting barriers that will prevent them from accessing helpful content. We believe in providing the home from home experience, and no student area of the Union should be inaccessible. Recite Me helps us to deliver on that experience."
